Rustic Slates

A natural looking slate with all the benefits of fibre cement

The Rustic, is a rectangular textured fibre cement slate with square edges which give the appearance of traditional natural slate to all types of roofs. The slates have a thickness of 4mm (nominal: 4.1 mm).

These Rustic slates provide the client with all the quality one has come to expect from these proven tiles over the years, at the same time as providing a traditional appearance which blends easily into any landscape.

Rustic fibre cement slate is one of the most cost effective solutions for your roof when you wish to create the appearance of a traditional roofing slate.

They have a 30 year structural guarantee and a 10 year colour guarantee!
